

National Myeloma Telephone Support Group Pilot Project

This is a pilot project for a National Myeloma Telephone Support Group available to **Myeloma Patients** in the following states and territories: ACT, NSW, NT, SA, TAS and VIC. The Pilot runs until 2010.

Two trained facilitators provide participants with emotional support, up to date information and the unique opportunity to connect with other people in a similar situation over the phone to discuss and share their related experiences.

**The group meets 2nd and 4th Thursdays of the month
12.30pm – 1.30pm**

This is a free and confidential program
